

K-WWCC JULY '18 SHOP UPDATE

WHAT'S HAPPENED

Our membership totaled 202 paid members as of the end of June.

The bee/bird house building at Waterloo Service Centre Open House on Saturday, June 9 was a success thanks to the members who volunteered their time that day.

Two new Ridgid drills were recently purchased.

To help decrease the heat in the shop, Steve has installed three exhaust fans in the windows.

WHAT'S IN THE WORKS

Summer hours come into effect this month. For July and August **daytime hours remain the same** but the shop will be open Monday, Tuesday and Wednesday evenings only. **Thursday evenings we will be closed.** Saturday remains the same, except for **Saturday, August 4** of the holiday weekend ... we will be **closed** that day so that all volunteers get a break from the shop.

We have some equipment for sale to members; this includes two industrial sewing machines, a pin router table, a dust extractor, two air cleaners and a folding ladder. Please see Margaret or Steve if you are interested in any of these items.

Please use the large garbage cans for garbage/plywood only. Cutoffs/real wood should go into the small containers at the machines: this wood is cut up, boxed and stored in the finishing area for members to take as firewood.

Properly label any wood/projects left in the shop; unidentified material will be disposed of.

Use the finishing area for **finishing only** not gluing up of material.

Please report any machine breakages/damages **immediately** to the volunteer on duty. He/she will then record it in the logbook so that repairs can be made.

Most of our members are very diligent about cleaning their machines and work area when they are finished. If you are one of the few to whom this does not apply please make a sincere effort to **immediately** clean your machine and work area as soon as you are done, not just before you leave. **It is every member's responsibility to maintain a clean, safe working environment.**

Thank you to the large number of members, not just the volunteers, that welcome and assist new members. This creates an inclusive, positive working environment appreciated by everyone.

WHAT'S UPCOMING

Volunteers are needed for bee houses at **Breithaupt Summer Camp** on **Tuesday, July 10** from 10:00 a.m. to 2:00 p.m. Please sign the sheet outside the lunchroom if you can assist that day.

If you have any suggestions or feedback regarding the operation of the club, please let us know.

Margaret Chamandy: Operations Manager
